From your Parish Priest

The days of sailors being tricked by the press gang into taking the "Queen's shilling" and thus pressed into naval service, are thankfully long gone, but there are still many areas of public life where people serve under, and with, the sovereign's authority. In our constitutional monarchy, those who protect our country, and those who make our laws and enforce them, all do so in the Queen's name, having formally declared their allegiance to her. These principles are enshrined in the processes of state, regardless of the human being sitting on the throne and wearing the crown. However, our hope and prayers are that our sovereign's reign will be characterised by faith in God and a life of service, setting an example to all in our nations.

In the traditional prayer for the sovereign, from the Book of Common Prayer dating back to the first Elizabethan era, we pray that the Queen:

"knowing whose minister she is, may above all things seek thy honour and glory, and that we and all her subjects, (duly considering whose authority she hath), may faithfully serve, honour, and obey her"

When she addressed the nation on her 21st birthday, the then Princess Elizabeth reflected this sense of partnership between monarchy and

people, pledging her life to the service of God and country, but also asking our support and prayers for her in that endeavour. That commitment was of course re-stated and renewed at her coronation, and has been the principle by which she has lived and served in the ensuing 70 years of her reign.

As we prepare to celebrate the Queen's Platinum Jubilee, this extraordinary and unique milestone in our nation's history, we give thanks for her commitment and example. In doing so, we should perhaps also reflect on the extent to which we have lived up to our side of the partnership, and to the Christian values that she has demonstrated and exemplified. Included in the coronation service, was the prayer of thanksgiving:

*Lord of our lives and Father of all,
let our thanksgiving prove itself in service
to you and to our Queen, our country and one
another,
for your Name's sake. Amen.*

Amidst the street parties and other festivities, that prayer remains as relevant now as it was then, and should, I suggest, be part of our on-going commitment as we celebrate the Jubilee.

With every blessing
David

Neatishead. My sincere thanks on behalf of the PCC to our wonderful stallholders who raised £1,000 from their sales of plants, cakes, bric-a-brac and books, and to those who provided teas and lunches throughout the two-day event. None

of this would have been possible without those behind the scenes who provided the hard labour by baking and planting. So, thank you one and all.

Our raffle prize winners were: Nick Drew, Rachel Howell, Philip Howell, David Murrells, Marina Roughley, Tom King, Edwina Simpson and Roger and Susan Lamb. Our grateful thanks to those who donated prizes.

Friends and Neighbours

The Friends & Neighbours Club has been meeting for 53 years both from the old and the New Victory Hall. For a long time we had a full membership of 60 people and a long waiting list. By today's standards we are still a good size club of 30 members and would welcome any new members with open arms. If you would like to come along and join in, have a cup of tea or coffee and try it out for yourselves, please do - you will be made most welcome. We meet from 10am to 12noon on the 2nd and 4th Thursdays every month at the New Victory Hall where we have a speaker on various topics, an activity or mardle and quiz morning. There is usually something of interest for everyone. If you are interested and would like more information, please contact Jean Barber on 01263 721698.

Afternoon League matches are continuing apace, home and away. Our first match was away to Overstrand, which we lost. On the positive side, it was a lovely afternoon and good to see familiar faces once more. Our Club matches have begun and plans are being made for our Annual BBQ in July. The Queen's 70th Platinum Celebrations will have just finished leaving us all with some amazing memories.

Weekly rollups every Saturday, reception 1.30pm, play 2pm Visitors are most welcome.

Knit and Stitch - Wednesdays 8th & 22nd June, 7-9pm

We'll be back to our regular meeting evenings of the 2nd and 4th Wednesday for June, at the New Victory Hall. If you would like to know more about the group do get in touch or just come along to meet us.

Meanwhile you may have noticed some ladies out and about last month with their buckets and hoses ensuring the signposts and road signs are all super clean - thank you to the WISE ladies for undertaking this challenge. So instead of hats for post boxes you will be seeing crowns for signposts as a celebration of the Queen's Jubilee!

Have fun and enjoy. *Claire Penstone-Smith*

Village Screen

We are pleased to be showing 'BELFAST' (12A 98min) on **Monday 6th June**. This Oscar nominated film is semi-autobiographic. Directed by Kenneth Branagh, it chronicles the life of a working class family and their young son's childhood during the tumult of the late 1960s in the Northern Ireland capital. Starring Jamie Dornan, Catriona Ralfe, Judi Dench and Ciaran Hinde with a stellar performance by Jude Hill as Buddy (based on the young Kenneth Branagh).

We look forward to seeing you at the New Victory Hall at 7pm for 7.30pm when coffee and tea will be available before the film. Tickets are £5 and advance booking is preferred by calling Christine on 01692 631347. Contactless payment is an option and unreserved tickets will be available on the door, numbers permitting.

Standing in at a few days notice, Jenni Baker drew inspiration from her recent trip to India for her beautiful displays entitled 'The Colours of India'. In line with current efforts to protect the planet, two of Jenni's arrangements were sustainable in that no floral foam was used. The competition 'Over the Rainbow' was won jointly by Maureen Smelt and Rachel Clayton.

On **Monday 13th June** Sarah Hammond's demonstration is entitled 'Sustainable Flower Arranging' and this will be followed by a Jubilee tea (£10/head, guests welcome). The competition is 'Summertime in a Teacup'. Patriotic coloured attire encouraged! New members are always welcome; come as a visitor first to see if you enjoy the afternoon. For further information contact the secretary, Carole Swan, on 01692 536270.

Neatishead, Irstead & Barton Turf Community Heritage Group

We have asked before, and we will ask again, "Does anyone know where the 'Bone of Contention' is?" Please look in your sheds and outhouses, we are sure it must be lurking somewhere. For those of you who wonder what I am talking about, this was a much sought after trophy, to be won following various challenges which took place between the villages and was begun by the Silver Jubilee Committee in 1977. As well as cricket, football, crib and fishing matches, there were tug of wars, conker competitions and many raft races. It was last seen (as far as I know) at the Diamond Jubilee Raft Race at Barton Staithe in June 2012. Read all about these events and many more at our exhibition '70 Years of Village Events' to celebrate the Queen's Platinum Jubilee in the New Victory Hall on **Sunday 5th June** from 2-4.30pm.

Gardening Club

Growing our own fruit and veg may be good for the planet as well as for our household budgets. Growing rather than buying cut flowers can help save air miles too. Over three-quarters of the blooms bought in this country come from abroad - mainly the Netherlands, but also from around the world.

Our speaker last month, Sarah Hammond, is an enthusiastic florist who only uses her own home-grown flowers and foliage. The pictures from her garden of early spring bulbs through to late autumn dahlias were a colourful inspiration. No wonder her floristry talents are in demand for weddings and special occasions. Pick up a bunch of imported roses in the supermarket and sniff - no scent, all of uniform size, shape and colour. The flowers in our gardens can easily compete with that!

Next month we look forward to visiting some of our members' gardens in Barton Turf.

Benefits of Doing Wall Push-Ups

Regularly practicing wall push-ups has a few key benefits:

Easier than standard push-ups. Your standing posture during wall push-ups puts less strain on your shoulder joints and arms than the traditional push-up posture, which involves a plank position on the floor.

They build upper-body strength. Similar to classic push-ups, wall push-ups engage muscles across your upper body, including the pectoral muscles, anterior deltoids, and triceps.

They increase stability. With proper form, wall push-ups activate the stabilizer muscles in your midsection, including your abdominal muscles and lower back muscles.

They are a better option for people who have difficulties getting up off of the floor.

1. Begin by standing arms length away from a wall.
2. Place your hands on the wall at shoulder height, slightly wider than shoulder width.
3. Take a step backwards with both feet, your legs need to be straight. Keep your weight on the balls of your feet.
4. Rotate your shoulders outwards to engage your back, squeeze your quads and glutes, engage your core. Your push ups should begin from this position. Lower yourself towards the wall bending your elbows, lower your body until your upper arms are level with your back.
5. Pause for a second at the bottom of the movement. While maintaining your alignment, initiate the upward movement by squeezing your chest and straightening your arms back to the starting position. Do 3 sets of 10 repetitions, depending on your ability.

You can increase the intensity by moving your feet further away from the wall. Healthy regards.

NIB Wildlife Friendly Villages Group

Rare bird sighting at Irstead Staithe: An observant Irstead resident contacted us about the brief presence at Irstead Staithe on 16th May of a very flamboyant bird usually found in Africa, Asia and continental Europe: a Hoopoe! According to the RSPB website up to 100 hoopoes arrive in the UK every spring having overshoot on their migration from Africa to Europe. It's unusual for them to make it as far as Norfolk.

Flowerbeds at NVH: Members of our group have weeded two flowerbeds at the New Victory Hall, dug in fresh compost and replanted the gaps with pollinator friendly plants.

Request for wooden pallets: Does anyone have any wooden pallets to donate to our group so that we can make a bug hotel at the New Victory Hall? Please email wfv.nib@gmail.com or phone Sophia on 07443 658400 if you can help.

Free saplings for planting in autumn 2022: North Norfolk District Council still have saplings to give away but, to be sure that your order can be fulfilled, orders need to be received by the end of June. If you'd like to place an order please email wfv.nib@gmail.com or phone Sophia on 07443 658400 by **Thursday 30th June**.

Wildlife Notes

The saga of my camera nestbox continues but will have ended by the time the NIB comes out in print. My Blue Tits finished their nest building and laid the first 3 eggs on the 21st April. Two days later there were 7 eggs and by the 25th I had counted 9 eggs (the average clutch size for Blue Tits) and the female bird was incubating them. On the morning of the 6th May the first 5 eggs had hatched and by the afternoon of the 7th there was only one visible egg left and the parents were busy feeding the chicks. When they were first born the adults seemed to be collecting aphids from my roses but as they got bigger the size of food morsels increased and more small caterpillars were introduced. As I write this on the 17th May there are at least 7 chicks still alive and being fed and they have developed the beginning of their wing feathers and are starting to look more like little birds. The young should fledge between 16–22 days so I am expecting them to leave the nestbox around 22nd/23rd May.

The bird of the month for me in May was a Ring Ouzel which spent several days in the garden of a lucky Irstead resident. These are the only members of the thrush family which are a summer visitor to the UK and will pass through Norfolk on migration to northern areas where they live on uplands and are known as mountain blackbirds. The male is similar to a blackbird in colour but has a distinctive white crescent shape on its breast and some grey edges to its wing feathers. They spend the winter in the Mediterranean area, although some will go as far as North Africa.

Great Crested Grebe 'Weed Dance' Jon Kelf

Look out for the Great Crested Grebes carrying their stripy little humbug chicks on the mother's back when they are first hatched as the Alderfen pair were this week with at least 3 of them crowded on her back.

Warm weather is bringing out some species of butterfly and dragonfly a lot earlier than usual; I saw my first swallowtail of the year at Hickling on the 14th May and my first Norfolk Hawker dragonfly at Barton boardwalk on the 16th May.

In June we should see the first Ringlet and Meadow Brown butterflies and the first Black-tailed Skimmer dragonflies.

The dawn chorus will start to quieten down this month although many birds will have second broods. If anyone local has Spotted Flycatchers in their gardens I would love to hear from them as they are getting increasingly scarce.

The Very Dry Spring Continues!

Rainfall: April's monthly total rainfall was a paltry 7.2mms/0.28", just 16% of average, so another very dry month. Large cells of high pressure over Scandinavia and Iceland dominated throughout, resulting in dry, cool air over the region.

Up to and including the 19th May, we've had only 14.8mms/0.58" of rain just 33% of average; with no significant rain forecast for the next 10 days, we could be facing another below average month.

The highest daily total to date is 4.8mms/0.19" on the 4th and 19th.

Temperature: - The highest daytime temperature to date is a very warm 24.5°C on the 16th, the lowest overnight temperature so far is 0.0°C on 8th/9th, a late but short-lived air frost to worry gardeners! Overall daytime temperatures have been well above average with southwesterlies dominant.

Our local museum, the RAF Air Defence Radar Museum, is open again for the summer season and volunteers there are enjoying welcoming visitors back. There has been lots of activity over the winter closure period and the main project was the complete refurbishment of the museum's popular cafe, 'Crumbs'. Trustee Jane Crane said, "Our new cafe is now much larger, brighter and more airy. We are serving delicious locally sourced cakes, sausage rolls and pasties and other light meals. The cafe is run by volunteers and we are very grateful to them. We would welcome a bit more help in the cafe and if anyone could spare a regular day per week to help, especially in the busy summer season, please contact manager@radarmuseum.co.uk to arrange a visit and informal chat.

Benefice of St Benedict

Whilst the various legally-enforced COVID restrictions have all now lapsed, church and public health authorities continue to recommend a range of COVID precautions, particularly for larger indoor social gatherings or when local infections rates remain high, as is currently the case in North Norfolk. Accordingly, we encourage our congregations to maintain hand cleansing when entering/leaving church and to respect and care for those who feel they need to maintain social distancing. Holy Communion in one kind (ie just bread) will be available to all, but we would hope to re-instate the distribution of the wine at Communion in the near future, when infection rates have reduced sufficiently.
